2020-21

**Introduction:**

The online R.T.O system can automate the works of R.T.O officers. Using online system, we can do all task related to the RTO. So, using the online system we can get all the R.T.O services on our fingertips. Online software one can access from anywhere.

There are the main 2 module of the system one for ADMIN and other one for USER.

**Functionality:**

- Registration of vehicle
- Transfer vehicle registration
- Get online license
- Online license test
- Renew the license
- View your license
- Duplicate license
- User detail (for ADMIN)
- Vehicle detail (for ADMIN)
